“ Our deepest sympathy to all of you on Betty's passing. Both Betty & Chuck pop into mind often; my favorite job of all time was working for Hornby, Inc.- The Monday take turns lunches, (I still cook a lot of the stuff Betty introduced us to when it was her turn), Thursday pizza, Queenie with her three tennis balls, I could go on & on... & we always got a big grin over the pictures in the paper or on TV of Betty at Summerfest or State Fair dancing her feet off. Betty, may your dance card up there be as full as your life here, and I know my life was made fuller by having known & worked with you. Dance on!
Love,
