“*MariFran, Vincent, Margi, Jim and Lisa : Please accept my sincere sympathy and condolences. Your father was a very brilliant, unique, dare I say, eccentric man who had a commanding presence and was respected by all. The Scifo's knew the most about him through our mom. When we were going to spend time with him, we knew it was going to be an experience we wouldn't forget...he would be serious, profound and blunt , and many times his dry sense of humor did not make sense until later. I am sure that you are recalling the memories of your experiences with him with love, and perhaps still some puzzlement...he was that way. From what I hear from all our relatives, he led a full life and now he has joined his son, 4 sisters and all those who passed on before him. On a lighter note...and I hope you can take this in the spirit in which it is meant...all H___ must have broken out in Heaven and then your mom calmed them all down...she was wonderful with him. God Bless you all, my thoughts and prayers are with you.. and God bless his soul...May he rest in peace forever. All my love, Cousin Aurora...aka little Aurora. xxxooo*

“ I am so sorry to hear of Uncle's passing. I remember him being a very serious but quiet person. And maybe that's because are visits were few. One of my favorite visits was to your home in Springfield MA. I loved it there an it was a great summer. I also remember a summer in NY, and I think we were on our way to Lake George and we were all making some much noise and you Dad said If I hear one more peep, I'm going to stop the car, well one of us did say peep. I don't think it could be helped but it was a good weekend inspire of us forgetting to pack the sleeping bags. Maybe you remember. My thoughts are taking me back to days when we were very young and having fun times. My prayers are with you. God bless you all. Terri
