“ *Kristen was the most intrepid, incredible woman I ever met. She was so very warm and loving. I only knew her a few years, because of our dear Tonkinese kitties which we adopted at the same time. My precious Dream Weaver (possibly Rumi's mother) may well have greeted Kristen at the Rainbow Bridge. At least she has a Tonk to visit in heaven . I will love and remember you always, Kristen.*

“ *I worked with Kristen at the Art Museum and although it was brief, her vivacious personality and infectious laughter has stuck with me. She made a point to say "hey" to me during her visits as a member of the Photography Council. A true adventuress! Through it all, a joyful person. I will miss her. Rest in Peace dear lady. Jeanne*

“ *My sincere condolences to Kristen's family and friends. Having known Kristen from her time in Brussels, Belgium, I appreciated her zest for living, her humor, and her professionalism. I got to admire her courage and ability to take full advantage of her travels during the last few years through her facebook articles. I am sure you will miss her greatly, but I do hope the memories you have of her will help you to remember all the good times you have had with her.*
