

## Patricia La Sota

April 3, 2013

56, of Oak Creek passed away after her second, but this time, one-sided battle with cancer on April 3, 2013. Beloved daughter of the late Adam La Sota and Cecilia (nee Tannheimer) Eisenbach (the late Robert Eisenbach). Loving sister to Bruce (Jan) La Sota, Lou La Sota (Scott Burac) and Kathy (Mike) Haralson. Proud Aunty to Lindsey Haralson and Jake La Sota. Patty reunites for continued antics with her sister, Christine La Sota. The family is tremendously grateful to Angel, Judy and Christine for their loving and devoted care of our sister. We are also thankful for the wonderful staff at the Zilber Family Hospice for providing comfort and peace for Patty and her family during her final days. Patty was a correctional sergeant at the WI Department of Corrections for over 20 years, most recently at the Racine Youthful Offender Correctional Facility. Patty will be remembered for her sharp and dry wit, quick, sarcastic one-liners and a generous giving heart. Patty loved cooking for armies of people, gardening and tending to her cabin in the woods. Patty had a unique sense of humor and her friends were sometimes treated to one of her mischievous pranks, particularly a good yard ""sabotage."" If a friend came home to an unusually gaudy lawn ornament, a for sale sign, or a Pumpkin Patch on their lawn, you can be assured Patty wasn't too far from the scene. Service & Reception InfoIn place of a traditional service, Patty has requested a summer celebration for family and friends. When the grill is fired up, our sister will be there in spirit.

“ *To the family of Patty, I send my sincere condolences on the loss Patty. I was a high school friend of Patty's. She was a great person! I've ran into her through the years and wish I would have stayed in contact. You might relate to this story... Patty and I were suppose to stay in her room on one warm summer night. Well we decided to sneak out the window and just run around the neighborhood. (Not sure why we just didn't go out the door!) Well we did just that. When we returned and went back through the window we found that about 100 June bugs decided to come in here room when we were gone!! We laughed so hard and trapped those little buggers under glasses, clothes everything we could find! I such fun fond memories of Patty. I remembered she just hated her wavy curly hair. We did some strange things to her hair to try to get it straight. Rest in peace Patty and thank you for the eternal fond harmless fun! Cindy Fischer*
