“ *The Wall family was my family growing up. We were all segregated but, our families intertwined and became one. Funny story, I ate their cookies, yes I was the cookie monster, I admit it everyone! Back in the day, we had no money and the Wall family was gracious with their "cookies". I feel awful for the family's loss and the family is strong, they will get through this!, Much love to all the family but, I love my Debbie and Mari Jo as they are the friends that I know the very best. Love and peaceful healings to the entire family, best wishes to Deborah, Pat's wife. Dear God please take care of Pat's family and especially Deborah Pat's wife. Amen, thank you God!*
