“ I meant to about 10 years ago when her son in law married my daughter. I also remember her partner Marvin. Together they were a lively and interesting couple.

*Through the years, I saw them a few times, but when Sue moved to Milwaukee, in the early spring, I was able to spend a little more time with her. I spent time talking to her and learning about her interesting childhood and life, and I also brought rummy cube which she loved to play. I will miss her*

*And her cheery countenance. I wish I had had more opportunities to interact with her. Eva Dicker Eiseman*
